Package: themakR (via r-universe)

November 3, 2026

Title pkgdown Theme for the CTTIR Package Suite

Version 0.1.0

Description Provides a custom pkgdown template that gives the CTTIR family of R packages a shared visual identity: a single purple accent, monospace code styling, light and dark colour modes, and consistent navbar, hex, and footer treatment. Not intended for general use outside the CTTIR suite.

Contents

tk_demo 2

Index **3**

`tk_demo` *Demo function for template preview only*

Description

Exists solely so the template package has documented reference content to render in its own preview site. Not part of the public theming API.

Usage

```
tk_demo(x)
```

Arguments

`x`	A numeric vector.

Value

The mean of `x`.

Examples

```
tk_demo(1:10)
```

Index

tk_demo, 2
